Market Dull in Afternoon Argentine Offerings Make Corn Bearish; Buying Helps Oats. .. \_ \*\*\*

New York, N. Y., March 13.—Early activity on the stock market today mas ascribed to moderately large buying for London, where optimism, based presumably on hopes of a satisfactory outcome of the coal strike, prevailed. American Sugar's rise followed rumors that the company would soon issue its first detailed annual report and that the showing would be satisfactory.

International Harvester rose to the accompaniment of further rumors of voluntary dissolution. Before noon selling for profits had canceled no small part of the gains in United States Steel, Union Pacific and Lehign Valley and Reading.

Bonds, were steady. Underground Railways of London incomes rose five points.

Prices of the important stocks were well sustained deapite the intense duliness of the afternoon and the diversions of interest into other insues, some profit taking sales stopped the advances in a few of the Industrials that had risen in a pronounced manner, but this setback did not affect the general run of this class of stock and new favorites were constantly brought forward.

The market closed heavy. The tone
